## Work Requirements for Requesting the 30-Day Refund Guarantee for Makers MBA

Upon enrollment into Makers MBA, you had a dream. You were excited about what could be and anticipated the start of your new business.

It's natural as you get into the thick of the things, to stop in your tracks. That's because envisioning your future is SO MUCH EASIER than actually doing it.

I know you know this ... you have to put in the work to achieve anything of importance and value.

That's why I request that you do the work and give Makers MBA the chance to do its magic ... with your help.

I require this also because I *want* you to start your business. I don't want you to take the HUGE step back to where you were before ... just talking and dreaming.

You're already on the way ... and you have all the information and support you need!

But if, after doing the work for the first 30 days, you decide it's not fitting your needs, just submit your work via email to me at [sue@suemonhait.com](mailto:sue@suemonhait.com), and I'll refund your investment right away.

The steps to be taken and shown to qualify for the refund are:
